

Audubon Center at Garden Creek

The Nature Center is open during the winter months although times for the indoor building are limited. The Nature Trail is open daily from sunrise to sunset for human visitors. Please sign the guest book on the porch. A \$1/person donation is appreciated.

Audubon Center at Garden Creek serves as an outdoor classroom where your students can experience active, inquiry-based lessons which are tied to the NCSD essential curriculum and Wyoming State Standards. An awareness and appreciation for the natural world and stewardship of the environment is an underlying theme in all class visits.

Winter is still a great time to get your students outside with a visit to the Center.

Individual Classes can participate in :

***Stepping into the Sagebrush** - Habitat explorations and observations, Predator Prey relationships

***Science - Winter Ecology** - snow science, adaptation and observation lessons.

***Field Guides and**

Binoculars – students can work on their informational reading skills and learn to use real binoculars

***Bird Identification and Classification** – students learn the basics of bird ID and put it to practice.

In Your Classroom

Schedule an Audubon educator to visit your classroom during these winter months. This class visit can be in conjunction with a winter visit to the Center, or with a visit later in the spring.

Contact Wanda Peters at (307) 473-1987 or email wpeters@audubon.org to design and schedule a visit that complements your classroom teaching or to schedule either an on-site or classroom visit.

For quality educational experience and safety, group size is limited.

Cost: \$1/student

Classroom Resources

Join science and language arts by treating your class to Audubon Adventures, a program of the National Audubon Society which provides student newspapers, a teacher's guide and other resource material to classrooms. To receive this program for the first time or to continue receiving, please contact Ann Hines at 266-3160 or by email at wilmerhines@bresnan.net.
