

Science Zone

The Science Zone is open 10 a.m. to 5p.m. Monday through Saturday. We are closed on Sundays.

Daily admission is \$4 for adults; \$3 for children; and free for children under 2. Annual memberships are available for \$75 per family.

An annual classroom membership also is available for a one-time fee of \$25, plus \$2 per student enrolled in the class. This membership provides each class with unlimited access to The Science Zone for one year. If teachers purchase a classroom membership, this includes a 30-minute lesson, activity, or demonstration each time you visit with the on-site educator (scheduled appointment needed).

If a classroom membership is not in your budget, we highly encourage teachers to bring their classrooms to The Science Zone for parties, incentives, awards, field trips, or, most importantly, to help us meet your essential curriculum needs. Our on-site educator is excited to offer a 15-minute lesson (scheduled appointment needed) each

time you visit The Science Zone. Fees for this option are \$2 per person attending.

The Science Zone is thrilled to announce that we will be hosting a new exhibit in the spring. Come and indulge in anything you ever wanted to know about *The Brain!*

The Brain features interactive science exhibits and activities exploring the wonders of neuroscience, including an EEG measurement station, a colossal brain, and an activity where visitors can move a ball using their own brain waves.

In conjunction with our new exhibit, kids always

love to come and visit the Zone Zoo, where we are home to various types of turtles, tarantulas, fish, salamanders, a lion headed rabbit, and an iguana. Our Bubble Table and Frozen Shadow Room are always a popular stop for both young and old. The Gems and Minerals Room is completed with a wonderful variety of specimens to feast your eyes upon.

If you would like to be on our e-mail list to receive additional news, our newsletter or updates please send Kathy Nickerson an e-mail at knickerson@thesciencezone.org or call (307) 473-9663.

Print this coupon for one free teacher visit to The Science Zone, located in the basement of Mossholder's at 111 W. Midwest Ave. in Casper.
